## Model : Focus 8

The FOCUS 8 Fluid Head For Lightweight High-Performance Cameras is manufactured by Besat Company under the license of the cartoni company.

The FOCUS 8 Fluid Head is the ideal support for the latest ultra-lightweight cameras weighting from 0 to 8Kg. The patented Fluid drag and counterbalance of 0 to 8 kg delivers an exceptional response at all angles and at all speeds.

The FOCUS 8 Fluid Head comes equipped with a sliding camera plate compatible with Sachtler ACE and Manfrotto standard plates, spirit level and orientable pan bar. Its tilt angle is  $\pm 90^\circ$  with perfect response throughout the entire tilt range.

FOCUS 8 interfaces with all 75mm bowl base tripods and supports. The extreme ruggedness and versatility together with the superior quality/price ratio makes the FOCUS 8 the best possible support for its range.

### Specification

Minimum Payload Capacity	0 kg
Maximum Payload Capacity	8 kg
Weight	1.8 kg
