

LSL-250

The new BESAT LSL-250 is an exceptionally versatile LED soft light – compact, fully tuneable and delivering light of unsurpassed power and quality. Because different application areas call for different lighting needs, LSL-250 has been designed as a series of fixtures.

One of the most important attributes of BESAT LSL-250 is the quality of light it produces.

LSL-250 creates a soft, flattering beam of light - perfect for filling in shadows, creating "beauty" light or to mimic a practical light in the shot

LSL-250 have the ability to adjust the correlated color temperature anywhere between 3200 K and 5600 K, with excellent color rendition over the entire range. Full plus and minus green correction can be achieved with the simple turn of a knob, and in addition to CCT control, vivid color selection and saturation adjustment is also possible.

Specification

Input Voltage	AC220-260/ 50Hz
Power Consumption	250W
Environment Temperature	- 20°C - 40°C
Light Source	SMD LED
Estimated LED Lifetime	50,000 hours
Color Temperature	3200K-5600K Adjustable or customized
Control	On-Board Controller, 5-Pin DMX In and Through
Dimming range	0 to 100 % continuous
Cooling system	Self-Cooling
Weight	10kg

Features :

- Light body: Aluminum Alloy
- Body color: Black

• Control:

Control mode: DMX 512, master and slave, auto running

DMX Channel: 2/5CH

• Working Environment:

Environment Temperature: -30°C~40°C

No fan no noise

IP Grade: IP65

• Package:

Net weight: 10kgs

Gross weight: 12kgs

Packing size: 60*42*26cm/(1pc/carton)
