

LSL-280

The new BESAT LSL-280 is an exceptionally versatile LED soft light – compact, fully tunable and delivering light of unsurpassed power and quality, because different application areas call for different lighting needs, LSL-280 has been designed as a series of fixtures.

One of the most important attributes of BESAT LSL-280 is the quality of light it produces.

LSL-280 creating "beauty" light or to mimic a practical light in the shot.

LSL-280 have the ability to adjust the correlated color temperature anywhere between 3200K and 5600K, with excellent color rendition over the entire range. Full plus and minus green correction can be achieved with the simple of knobs, and in addition to CCT control, vivid color selection and saturation adjustment is also possible.

Specification

Input Voltage	AC220-260/ 50Hz
Power Consumption	280W
Environment Temperature	- 20°C - 40°C
Light Source	SMD LED
Estimated LED Lifetime	50,000 hours
Color Temperature	3200K-5600K Adjustable or customized
Color Rendering Index(CRI):	≥ 95
Control	On-Board Controller, 5-Pin DMX In and Through
Dimming range	0 to 100 % continuous
Cooling system	Self-Cooling
Weight	10.6kg

Features :

- One piece heat sink design with arc-shape fins enables natural cooling and a 30 percent increase of the heat dissipation efficiency.
- Made with professional world famous LEDs with long working life > 5000 hrs.
- Compact design.
- Color Temperature flexible from 3200K-5600K.
